PROCEEDINGS OF THE INDIAN ACADEMY OF SCIENCES

SECTION B

Vol. 83, January–June 1976

AUTHOR INDEX

Ananthakrishnan T N
The cereal thrips *Haplothrips ganglbuaberi* Schmutz with particular reference to the trends of infestation on *Oryza sativa* and the weed *Echinochloa crusgalli* 196
Two new genera and species of Tubuliferan thrips (Thysanoptera : Insecta) from India 202

Asha Singh
Shoot apex organisation and leaf development in *Ricinus communis* L. 166

Badve R M
see Chiplonkar G W 244
Bagyaraj D J
see Kubra Bano 1
Bhatia S S
Effects of fumigants on the water loss in *periplaneta americana* (L.) 18
Bhavsar R V
The adrenals of female house rat—*Rattus rattus* L., in various phases of reproductive activity 73

Chahal S S
see Rawla G S 232
Chari N
see Puranik P G 160
Chiplonkar G W
Palaenotology of the Bagh Beds 244
Choudary V Prabhakara
Characterization of nitrate reductase from the yeast *Candila utilis* 185

Gajbe U A
see Tikader B K 109
Gopalakrishna G
see Puranik P G 160

Hardman R
see Puri H S 221

Jain D K
see Singh V 79
Jena Rabindra Narayan
Nature of root-knot (*Meloidogyne graminicola*) resistance in rice (*Oryza sativa*)—I. Isolation of resistant varieties 177

Karande A A
The larvae of the inter-tidal barnacle *Chthamalus malayensis* Pilsbry 210
Krishnamoorthy R V
see Kubra Bano 1
Kubra Bano
Feeding activity of millipede, *Jonespeltis splendidus* Verhoeff and soil humification I
Kumaraswamy K R
C-banding in male meiotic chromosomes of *Poekilocerus pictus* (Acrididae : Orthoptera) 139

Malhotra M S
see Tikader B K 123
Manjunath T M
Observations on *Heliothis peltigera* (Schiff.) (Lep., Noctuidae) and its natural enemies in Anand (Gujarat State, India) 55
Murty A S
Studies on Indian Cercariae—III. Virgulate Plagiorchioid Cercariae 12
Murty V Sriramachandra
Studies on growth checks on scales of *Barbus* (*Puntius*) *sarana* (Hamilton-Buchanan) from lake Kolleru, Andhra Pradesh, with comments on growth checks reported on hard parts of some Indian fishes 85

Narayanaswamy S
see Rao H K Shama 207
Nijalingappa B H M
Sporogenesis and gametogenesis in some Cyperaceae 66

Pareek R P
Phenolic acids in wheat and paddy rhizosphere amended with crop residue 225
Patel R C
see Manjunath T M 55
Puranik P G
Flight parameters of the short-nosed fruit bat *Cynopterus marginatus* 160
Puri H S
Effect of different light periods on the seed surface of fenugreek during the maturation phase 221

Rajasekarasetty M R
see Kumaraswamy K R 139
Rama Das V S
Mehler-type reagents in the enhancement on Stomatal opening in epidermal strips 237
Rao A R
Stomatal features of *Hemionites arifolia* (Burm.) Moore 143
Rao G Ramananda
see Choudary V Prabhakara 185
Rao H K Shama
Anotomical anomalies in tissue culture-induced roots of *Cajanus cajan* (L.) Mills P. 207
Rao P Narasimha
Magnesio-hastingsite from the anorthosites of Oddanchatram, Palni-Dindigul area, Tamil Nadu 103
Rao T Ramamohana
Electron probe microanalyses of muscovites from low grade metamorphic rocks of Tennant Creek area, Central Australia 150
Rawla G S
Organic growth factor requirements of *pseudocercospora vitis* (Lev.) Speg. and *Cerospora mitteriana* Syd, 232

Santhakumari M
see Rama Das V S 237
Shukla Venkatesh Narain
Musculature of the pelvic region of *Uperodon systoma* (Schn.) 26
Singh T
see Rawla G S 232
Singh V
Structure and development of hairs in *Tinantia fugax* (Commelinaceae) 79
see Asha Singh 166
Subramanyam K
see Yoganarasimhan S N 147

Tarabai V Patankar
see Rao A R 143
Thangavelu K
see Ananthakrishnan T N 196
Thomas M K
see Karande A A 210
Tikader B K
Studies on some spiders of the genus *Zelotes* Gistel from India (family : Gnaphosidae) 109
Studies on some spiders of the genus *Pardosa* Koch from India (family : Lycosidae) 123

Varghese T J
Studies on the fecundity of *Coilia ramcarati* (Ham-Buch.) 47
Vittal B P R
Studies on litter fungi—I. Mycoflora of *Atlantia* and *Gymnosperia* litter 133

Yadav D N
see Manjunath T M 55
Yoganarasimhan S N
A new spectes of *Marsdenia* R. Br. (Asclepiadaceae from South India) 147

SUBJECT INDEX

Acanthospernum hispidum
Observations on *Heliothis peltigera* (Schiff.) (Lep., Noctuidae) and its natural ennmies in Anand (Gujarat State, India) 55
Adrenals of *Rattus rattus*
The adrenals of female house rat—*Rattus rattus* L., in various phases of reproductive activity 73
Anatomical anomalies
Anatomical anomalies in tissue culture-induced roots of *Cajanus cajan* (L.) 207

Anorthosites—magnesio-hastingsite from
Magnesio-hastingsite from the anorthosites of Oddanchatram, Palni-Dindigal area, Tamil Nadu 103

Asclepiadaceae
A new species of *Marsdenia* R. Br. (Asclepiadaceae) from South India 147

Atlantia fungi on litter of
Studies on litter fungi—I. Mycoflora of *Atlantia* and *Gymnosporia* litter 133

Bagh Beds
Palaeontology of the Bagh Beds—Part V—Ostreina (i) 244

Barbus sarana
Studies on growth checks on scales of *Barbus* (*Puntius*) *sarana* (Hamilton-Buchanan) from lake Kolleru, Andhra Pradesh, with comments on growth checks reported on hard parts of some Indian fishes 85

Barnacle
The larvae of the inter-tidal barnacle *Chthamalus malayensis* Pilsbry 210

Cajanus cajan
Anatomical anomalies in tissue culture-induced roots of *Cajanus cajan* (L.) 207

Candida utilis
Characterization of nitrate reductase from the yeast *Candida utilis* 185

C-banding in *Poekilocerus pictus* chromosomes
C-banding in male meiotic chromosomes of *Poekilocerus pictus* (Acrididae: Orthoptera) 139

Central Australia
Electron probe microanalyses of muscovites from low grade metamorphic rocks of Tennant Creek area, Central Australia 150

Cercariae, studies on
Studies on Indian Cercariae—III. Virgulate Plagiorchioid Cercariae 12

Cercospora mitteriana
Organic growth factor requirements of *Pseudocercospora vitis* (Lev.) Speg. and *Cercospora mitteriana* Syd. 232

Cereal thrips
The cereal thrips *Haplothrips ganglbaueri* Schmutz with particular reference to the trends of infestation on *Oryza sativa* and the weed *Echinochloa crusgalli* 196

Chthamalus malayensis
The larvae of the inter-tidal barnacle *Chthamalus malayensis* Pilsbry 210

Clinoamphibole
Magnesio-hastingsite from the anorthosites of Oddanchatram, Palni-Dindigal area, Tamil Nadu 103

Coilia ramacarati—fecundity of
Studies on the fecundity of *Coilia ramacarati* (Ham.–Buch.) 47

Cynopterus marginatus
Flight parameters of the short-nosed fruit bat *Cynopterus marginatus* 160

Cyperaceae, sporogenesis in
Sporogenesis and gametogenesis in some Cyperaceae 66

Echinochloa crusgalli
The cereal thrips *Hapelothrips ganglbaueri* Schmutz with particular reference to the trends of infestation on *Oryza sativa* and the weed *Echinochloa crusgalli* 196

Electron probe
Electron probe microanalyses of muscovites from low grade metamorphic rocks of Tennant Creek area, Central Australia 150

Fecundity of *Coilia ramacarati*
Studies on the fecundity of *Coilia ramacarati* (Ham.–Buch.) 47

Fenugreek
Effect of different light periods on the seed surface of fenugreek during the maturation phase 221

Flight parameters
Flight parameters of the short-nosed fruit bat *Cynopterus marginatus* 160

Fumigants, effect of in *Periplaneta americana*
Effects of fumigants on the water loss in *Periplaneta americana* (L.) 18

Gametogenesis in Cyperaceae
Sporogenesis and gametogenesis in some Cyperaceae 66

Growth factor
Organic growth factor requirements of *Pseudocercospora vitis* (Lev.) Speg. and *Cercospora mitteriana* Syd. 232

Gymnosporia fungi on litter of
Studies on litter fungi—I. Mycoflora of *Atlantia* and *Gymnosporia* litter 133

Hairs of *Tinantia fugax*
Structure and development of hairs in *Tinantia fugax* (Commelinaceae) 79

Haplothrips ganglbaueri
The cereal thrips *Haplothrips ganglbaueri* Schmutz with particular reference to the trends of infestation on *Oryza sativa* and the weed *Echinochloa crusgalli* 196

Heliothis peltigera—natural enemies of
Observations on *Heliothis peltigera* (Schiff.) (Lip., Noctuidae) and its natural enemies in Anand (Gujarat State, India) 55

Hemionites arifolia
Stomatal features of *Hemionites arifolia* (Burm.) Moore 143

Hornblende
Magnesio-hastingsite from the anorthosites of Oddanchatram, Palni-Dindigal area, Tamil Nadu 103

Indostrea
Palaeontology of the Bagh Beds—Part V—Ostreina (i) 244

Jonespeltis splendidus—feeding activity
Feeding activity of millipede, *Jonespeltis splendidus* Verhoeff and soil humification 1

Larvae
The larvae of the inter-tidal barnacle *Chthamulus malayensis* Pilsbry 210

Leaf development
Shoot apex organisation and leaf development in *Ricinus communis* L. 166

Light periods
Effect of different light periods on the seed surface of Fenugreek during the maturation phase 221

Litter fungi on
Studies on litter fungi—I. Mycoflora of *Atlantia* and Gymnosporia litter 133

Magnesio-hastingsite of Oddanchatram
Magnesio-hastingsite from the anorthosites of Oddanchatram, Palni-Dindigal area, Tamil Nadu 103

Marsdenia
A new species of *Marsdenia* R. Br. (Asclepiadaceae) from South India 147

Mehler type reagents Stomaial aperture
Mehler-type reagents in the enhancement of stomatal opening in epidermal strips 237

Meloidogyne graminicola
Nature of root-knot (*Meloidogyne graninicola*) resistance in rice (*Oryza sativa*)—I. Isolation of resistant varieties 177

Metamorphic rocks
Electron probe microanalyses of muscovites from low grade metamorphic rocks of Tennant Creek area, Central Australia 150

Millipede feeding activity
Feeding activity of millipede, *Jonespeltis splendidus* Verhoeff and soil humification 1

Muscovites
Electron probe microanalyses of muscovites from low grade metamorphic rocks of Tennant Creek area, Central Australia 150

Musculature of *Uperodon systoma*
Musculature of the pelvic region of *Uperodon systoma* (Schn.) 1

Natural enemies of *Heliothis peltigera*
Observations on *Heliothis peltigera* (Schiff.) (Lep., Noctuidae) and its natural enemies in Anand (Gujarat State, India) 55

Nitrate reductase
Characterization of nitrate reductase from yeast *Candida utilis* 185

Oryza sativa
Nature of root-knot (*Meloidogyne graminicola*) resistance in rice (*Oryza sativa*) 177

Paddy
Phenolic acids in wheat and paddy Rhizosphere amended with crop residue 225

Palaeontology
Palaeontology of the Bagh Beds—Part V—Ostreina (i) 244

Pardosa spp. from India
Studies on some spiders of the genus *Pardosa* Koch from India (family: Lycosidae) 123

Periplaneta americana—Water loss in
Effects of fumigants on the water loss in *Periplaneta americana* (L.) 18

Phenolic acids
Phenolic acids in wheat and paddy Rhizosphere amended with crop residue 225

Poekilocerus pictus—C-banding in chromosomes
C-banding in male meiotic chromosomes of *Poekilocerus pictus* (Acrididae: Orthoptera) 139

Pseudocercospora vitis
Organic growth factor requirements of *Pseudocercospora vitis* (Lev.) Speg. and *Cercospora mitteriana* Syd. 232

Rattus rattus adrenals of
The adrenals of female house rat-*Rattus rattus* L., in various phases of reproductive activity 73

Rhizosphere
Phenolic acids in wheat and paddy rhizosphere amended with crop residue 225

Ricinus communis
Shoot apex organisation and leaf development in *Ricinus communis* L. 166

Root-knot resistance
Nature of root-knot (*Meloidogyne graminicola*) resistance in rice (*Oryza sativa*) 177

Salothrips indicus
Two new genera and species of Tubuliferan thrips (Thysanoptera: Insecta) from India 202

Scales, of growth of *Barbus sarana*
Studies on growth checks on scales of *Barbus* (*Puntius*) *sarana* (Hamilton-Buchanan) from lake Kolleru, Andhra Pradesh, with comments on growth checks reported on hard parts of some Indian fishes 85

Seed surface
Effect of different light periods on the seed surface of fenugreek during the maturation phase 221

Shoot apex
Shoot apex organisation and leaf development in *Ricinus communis* L. 166

Spiders—genus *Pardosa* from India
Studies on some spiders of the genus *Pardosa* Koch from India (family: Lycosidae) 123

Spiders, genus *Zelotes* from India
Studies on some spiders of genus *Zelotes* Gistel from India (family: Gnaphosidae) 109

Sporogenesis in Cyperaceae
Sporogenesis and gametogenesis in some Cyperaceae 66

Stomatal features
Stomatal features of *Hemionites arifolia* (Burm.) Moore 143

Thysanoptera
Two new genera and species of Tubuliferan thrips (Thysanoptera: Insecta) from India 202

Tinantia fugax, hairs in
Structure and development of hairs in *Tinantia fugax* (Commelinaceae) 79

Tissue culture
Anatomical anomalies in tissue culture-induced roots of *Cajanus cajan* (L.) Mills P. 207

Tubiliferan thrips
Two new genera and species of Tubuliferan thrips (Thysanoptera: Insecta) from India 202

Uperodon systoma
Musculature of the pelvic region of *Uperodon systoma* (Schn.) 26

Virgulate Plagiorchioid Cercariae
Studies on Indian Cercariae—III. Virgulate Plagiorchioid Cercariae 12

Water loss in *Periplaneta americana*
Effects of fumigants on the water loss in *periplaneta americana* 18

Wheat
Phenolic acids in wheat and paddy rhizosphere amended with crop resicue 225

Yeast
Characterization of nitrate reductase from the yeast *Candida utilis* 185

Zelotes spp. from India
Studies on some spiders of the genus *Zelotes* Gistel from India (family: Gnaphosidae 109

PROCEEDINGS OF THE INDIAN ACADEMY OF SCIENCES

Section 'B', Vol. 83, January–June 1976

CONTENTS

Feeding activity of millipede, *Jonespeltis splendidus* Verhoeff and soil humification
Kubra Bano, D. J. Bagyaraj and R. V. Krishnamurthy 1

Studies on Indian Cercariae—III. Virgulate Plagiorchioid Cercariae *A. S. Murty* 12

Effects of fumigants on the water loss in *Periplaneta americana* (L.) *S. S. Bhatia* 18

Musculature of the pelvic region of *Uperodon systoma* (Schn.)
Venkatesh Narain Shukla 26

Studies on the fecundity of *Coilia ramacarati* (Ham. Buch.) *T. J. Varghese* 47

Observations on *Heliothis peltigera* (Schiff.) (Lep., Noctudae) and its natural enemies in Anand (Gujarat State, India) *T. M. Manjunath, R. C. Patel and D. N. Yadav* 55

Sporogenesis and gemetogenesis in some Cyperaceae *B. H. M. Nijalingappa* 66

The adrenals of female house rat—*Rattus rattus* L., in various phases of reproductive activity *R. V. Bhavsar* 73

Structure and development of hairs in *Tinantia fugax* (Commelinaceae)
V. Singh and D. K. Jain 79

Studies on growth checks on scales of *Barbus (Puntius) sadana* (Hamilton Buchanan) from lake Kolleru, Andhra Pradesh, with comments on growth checks reported on hard parts of some Indian fishes *V. Sriramachandra Murty* 85

Tamil Nadu *P. Narasimha Rao* 103
Magnesio-hastangsite from the anorthosites of Oddanchatram, Palni-Dindigal area,

Studies on some spiders of the genus *Zelotes* Gistel from India (family : Gnaphosidae) *B. K. Tikader and U. A. Gajbe* 109

Studies on some spiders of the genus *Pardosa* Koch from India (family : Lycosidae)
B. K. Tikader and M. S. Malhotra 123

Studies on litter fungi—I. Mycoflora of *Atlantia* and *Gymnosporia* litter *B. P. R. Vittal* 133

C-banding in male meiotic chromosomes of *Poekilocerus pictus* (Acrididae : Orthoptera)
K. R. Kumaraswamy and M. R. Rajasekarasetty 139

Stomatal features of *Heminonites arifolia* (Burm.) Moore
A. R. Rao and Tarabai V. Patankar 143

A new species of *Marsdenia* R. Br. (Asclepiadaceae from South India)
S. N. Yoganarasimhan and K. Subramanyam 147

Electron probe microanalyses of muscovites from low grade metamorphic rocks of Tennat Creek area, Central Australia *T. Ramamohana Rao* 150

Flight parameters of the short-nosed fruit bat *Cynopterus marginatus*
P. G. Puranik, G. Gopalakrishna and N. Chari 160

Shoot apex organisation and leaf development in *Ricinus communis* L.
Asha Singh and V. Singh 166

Nature of root-knot (*Meloidogyna graminicola*) resistance in rice (*Oryza sativa*). I. Isolation of resistant varieties *Rabindra Narayan Jena and Y. S. Rao* 177

Characterisation of nitrate reductase from the yeast *Candida utilis*
V. Prabhakara Choudhary and G. Ramananda Rao 185

The cereal thrips *Haplothrips ganglbaueri* Schmutz with particular reference to the trends of infestation on *Oryza sativa* and the weed *Echinochloa crusgalli*
T. N. Ananthakrishnan and K. Thangavelu 196

Two new general and species of Tubuliferan thrips (Thysanoptera : Insecta) from India *T. N. Ananthakrishnan* 202

Anatomical anomalies in tissue culture-induced roots of *Cajanus cajan* (L.) Mills P.
H. K. Shama Rao and S. Narayanaswamy 207

The larvae of the inter-tidal barnacle *Chthamalus malayensis* Pilsbry
A. A. Karande and M. K. Thomas 210

Effect of different light periods on the seed surface of fenugreek during the maturation phase
H. S. Puri and R. Hardman 221

Phenolic acids in wheat and paddy rhizosphere amended with crop residue *R. P. Pareek* 225

Organic growth factor requirements of *Pseudocercospora vitis* (Lev.) Speg. and *Cercospora mitteriana* Syd. *G. S. Rawla, S. S. Chaahl and T. Singh* 232

Mehler-type reagents in the enhancement of stomatal opening in epidermal strips
V. S. Rama Das and M. Santhakumari 237

Palaeontology of the Bagh Beds. Part V. Ostreina (i)
G. W. Chiplonkar and R. M. Badve 244

AUTHOR INDEX

Ali Sk Ahmed
see Row Kameswar K V S R 26

Banerji M L
see Gaurgopal M 231

Bhiwgade D A
Observations on some early stages of development and implantation of the blastocyst of *Rhinolophus rouxi* (Temminck) 201

Chhabra Neelam
see Malik C P 101

Desikachary T V
see Iyengar M O P 159

Dua S Sharma
Striato-pallidal influence on food intake, body weight and locomotor activity 75

Gajbe U A
see Tikader B K 185

Gaurgopal M
Exomorphic seed structure of the Himalayan species of *Swertia* Linn. (Gentianaceae) 231

Gemawat P D
see Ghosh S K 155

Ghosh S K
Evaluation of fungicides against *Alternaria solani* in *vitro* 155

Hilda A
Studies on cross-protection in the blast disease of *Panicum repens* L. 215

Indira Singh
Neurochemical correlates of aestivation: Changes in the levels of glycogen and glucose in the cerebral, pleuropedal and visceral ganglia of the Indian apple snail, *Pila globosa* 56

Iyengar M O P
Contributions to our knowledge of South Indian Algae—IX 159

Jacobs H L
see Dua S Sharma 75

Kanta C
see Ramakrishnan P S 226

Kalavati C
see Narasimhamurti C C 20

Kasturi S R
Tissue hydration of malignant and uninvolved human tissues and its relevance to proton spin-lattice relaxation mechanism 60

Krishnamoorthy R V
Salinity effects on the food preference of the fresh water field crab *Oziotelphusa senex senex* Fabricius 1798 128

Krishnamurthy R

The morphology of two new flagellates of the genus *Monocercomonoides* travis, 1932 from insects in India 109

Tubulimonoides gryllotalpae n.g., n.sp (Mastigophora: Oxymonadida) from the cricket in India 137

Malik C P

Harmonal regulation of pollen germination and pollen tube elongation in *Arachis hypogea* Reitz. 101

Mary Z

see Nayar R C 90

Muthukkaruppan VR

see Pitchappan R M 42

Nair G A

Life cycle of *Porecelllo laevis* (latreille) (Isopoda, porcellionidae) 165

Nair M G K

Some observations on the anatomy of the heart of the African lung fish, *Protopterus aethiopicus* Heckel 6

Narasimhamurti C C

Restoration of the genus *Coelosporidium* and a description of *Coelosporidium oithonae* n.sp. from the body cavity of a marine copepod, *Oithona rigida* 20

Observations on the morphology and life-history of a coccidian *Eimeria mecistophori* n.sp. from the gut of a centipede *Mecistocephalus punctifrons* Newp 141

Nayak P

see Row Kameswar K V S R 26

Nayar B K

Dermal morphology of *Vanilla planifolia* Andr. and *V. wightii* Liudl. 173

Nayar R C

Pharmacognostical studies on the root of *Aristolochia tagala* Cham. (Aristolochiaceae) 90

Nayeemunnisa

SUBJECT INDEX

Ablation of *Pars distalis*

Physiological studies on the effects of hormonal imbalance on the CNS 95

Aerobiology

Deposition of airborne *Lycopodium* and *Podaxis* spores released from an artificial point source 1

Aestivation

Neurochemical correlates of aestivation: Changes in the levels of glycogen and glucose in the cerebral, pleuropedal and visceral ganglia of the Indian apple snail, *Pila globosa* 56

Albunea symnista

On a microphallid metacercaria occurring in the ovaries of the sand crabs *Emerita asiatica* and *Albunea symnista* on the Madras coast 192

Alternaria solani

Evaluation of fungicides against *Alternaria solani* in *vitro* 155

Amphistome

Histochemical localization of α-glycerophosphate, lactate, glucose-6-phosphate and 6-phosphogluconate dehydrogenases in *Paramphistomum cervi* (Trematoda : Paramphistomidae) 37

Anatomy, rhizome

Anatomy, origin and development of the rhizome of *Dioscorea deltoidea* Wallich 50

Angiosperms

Micropyle formation in the ovule as an indicator of primitiveness in Angiosperms 24

Anlemetabolites

Hormonal regulation of pollen germination and pollen tube elongation in *Arachis hypogea* Reitz. 101

Anopheles

Laboratory studies on the development, survival and life tables of *Culex fatigans* and *Anopheles stephensi* 117

Arachis hypogea

Hormonal regulation of pollen germination and pollen tube elongation in *Arachis hypogea* Reitz. 101

Aristolochia tagala, root

Pharmacognostical studies on the root of *Aristolochia tagala* Cham. (Aristolochiaceae) 90

Bignoniaceae

Nodal anatomy of certain members of Bignoniaceae 31

Blast disease

Cross-protection in the blast disease of *Panicum repens* L. 215

Blastocyst, implantation

Observations on some early stages of development and implantation of the blastocyst of *Rhinolophus rouxi* (Temminck) 231

Brood pouch

Life cycle of *Porcellio laevis* (latreille) (Isopoda, porcellionidae) 165

Centipede

Observations on the morphology and life-history of a coccidian *Eimeria mecistophori* n.sp. from the gut of a centipede *Mecistocephalus punctifrons* Newp. 141

Cholesterol level

Physiological studies on the effects of hormonal imbalance on the CNS 95

Coccidia

Observations on the morphology and life-history of a coccidian *Eimeria mecistophori* n.sp. from the gut of a centipede *Mecistocephalus punctifrons* Newp. 141

Coelosporidium oithonae

Restoration of the genus *Coelosporidium* and a description of *Coelosporidium oithonae* n.sp. from the body cavity of a marine copepod, *Oithona rigida* 20

Copulation

Life cycle of *Porcellio laevis* (latreille) (Isopoda, porcellionidae) 165

C_4 Photosynthesis

C_4 photosynthesis and a unique type of Kranz anatomy in *Glossocordia boswallaea* (Asteraceae) 12

A simple photorespiratory ratio fo. the delimitation of C_4 from the C plants 148

Corpus striatum

Striato-pallidal influence on food intake, body weight and locomotor activity 75

Cross-protection

Cross-protection in the blast disease of *Panicum repens* L. 215

Culex

Laboratory studies on the development, survival and life tables of *Culex fatigans* and *Anopheles stephensi* 117

Daily voluntary food intake

Salinity effects on the food preference of the fresh water field crab *Oziotelphusa senex senex* Fabricius 1798 128

Dioscorea deltoidea

Anatomy, origin and development of the rhizome of *Dioscorea deltoidea* Wallieh 50

Eimeria

Observations on the morphology and life-history of a coccidian *Eimeria mecistophori* n.sp. from the gut of a centipede *Mecistocephalus punctifrons* Newp. 141

Emerita asiatica

On a microphallid metacercaria occurring in the ovaries of the sand crabs *Emerita asiatica* and *Albunea symnista* on the Madras Coast 192

Energy metabolism

Striato-pallidal influence on food intake, body weight and locomotor activity 75

Feed behaviour crabs

Salinity effects on the food preference of the fresh water field crab *Oziotelphusa senex senex* Fabricius 1798 128

Food intake

Striato-pallidal influence on food intake, body weight and locomotor activity 75

Fore brain, mid brain, hind brain

Physiological studies on the effects of hormonal imbalance on the CNS 95

Frog, *Rana cyanophlictis*

Physiological studies on the effects of hormonal imbalance on the CNS 95

Fungicides evaluation

Evaluation of fungicides against *Alternaria solani* in *vitro* 155

Glossocordia

C_4 photosynthesis and a unique type of Kranz anatomy in *Glossocordia boswallaea* (Asteraceae) 12

Glycogen

Neurochemical correlates of aestivation: Changes in the levels of glycogen and glucose in the cerebral, pleuropedal and visceral ganglia of the Indian apple snail, *Pila globosa* 56

Gnaphosidae

On some new species of spiders of the Genus *Sergiolus* Simon from India (Family: Gnaphosidae) 185

Green algae

Contributions to our knowledge of South Indian algae—IX 159

Growth regulators

Hormonal regulation of pollen germination and pollen tube elongation in *Arachis hypogea* Reitz. 101

Gryllotalpae africana

Tubulimonoides gryllotalpae n.g., n.sp. (Mastigophora: Oxymonadida) from the cricket in India 137

Heart, African lung fish

Some observations on the anatomy of the heart of the African lung fish, *Protopterus aethiopicus* Heckel 6

Helvellas

Some Helvellas new to India 210

Hypoxidaceae

Dermal morphology of *Vanilla planifolia* Andr. and *V. wightii* Lindl. 173

Interveinal distance

A simple photorespiratory ratio for the delimitation of C_4 from the C_3 plants 148

Kranz anatomy

C_4 photosynthesis and unique type of Kranz anatomy in *Glossocordia boswallaea* (Asteraceae) 12

A simple photorespiratory ratio for the delimitation of C_4 from the C_3 plants 148

Life tables

Laboratory studies on the development, survival and life tables of *Culex fatigans* and *Anopheles stephensi* 117

Lizard

Procedure for thymectomy in the lizard, *Calotes versicolor* 42

Locomotion

Striato-pallidal influence on food intake, body weight and locomotor activity 75

Malignant tissue

Tissue hydration of malignant and uninvolved human tissues and its relevance to proton spin-lattice relaxation mechanism 60

Microphallid metacercaria

On a microphallid metacercaria occurring in the ovaries of the sand crabs *Emerita asiatica* and *Albunea symnista* on the Madras coast 192

Micropyle

Micropyle formation in the ovule as an indicator of primitiveness in Angiosperms 124

Monocercomonoides

The morphology of two new flagellates of the genus *Monocercomonoides* travis, 1932 from insects in India 109

Tubulimonoides gryllotalpae n.g., n.sp. (Mastigophora: Oxymonadida) from the cricket in India 137

Morphology

The morphology of two new flagellates of the genus *Monocercomonoides* travis, 1932 from insects in India 109

Moult

Life cycle of *Porcellio laevis* (Latreille) (Isopoda, porcellionidae) 165

Nauclea orientalis

Reverse polarity in *Nauclea orientalis* L. (*Sarcocephalus cordatus*, Miq.) 180

Nodal anatomy

Nodal anatomy of certain members of Bignoniaceae 31

Ooestegite

Life cycle of *Porcellio laevis* (Latreille) (Isopoda, porcellionidae) 165

Oithona rigida

Restoration of the genus *Coelosporidium* and a description of *Coelosporidium oithonae* n.sp. from the body cavity of a marine copepod, *Oithona rigida* 20

Orchidaceae

Dermal morphology of *Vanilla planifolia* Andr. and *V. wightii* Lindl. 173

Oxidative enzyme

Histochemical localization of α–glycerophosphate, lactate, glucose-6-phosphate and 6-phosphogluconate dehydrogenases in *Paramphistomum cervi* (Trematoda: Paramphistomidae) 37

Para-mesoperigenous stomata

Dermal morphology of *Vanilla planifolia* Andr. and *V. wightii* Lindl. 173

Photorespiratory ratio

A simple photorespiratory ratio for the delimitation of C_4 from the C_3 plants 148

Phylogeny, immunity

Procedure for thymectomy in the lizard, *Calotes versicolor* 42

Pila globosa

Neurochemical correlates of aestivation: Changes in the levels of glycogen and glucose in the cerebral, pleuropedal and visceral ganglia of the Indian apple snail, *Pila globosa* 56

Plant pathology

Deposition of airborne *Lycopodium* and *Podaxis* spores released from an artificial point source 1

Pleopod

Life cycle of *Porcellio laevis* (Latreille) (Isopoda, porcellionidae) 165

Pollen germination

Hormonal regulation of pollen germination and pollen tube elongation in *Arachis hypogea* Reitz. 101

Pyricularia oryzae

Effect of chemicals on the spread of rice blast disease 26

Relaxation time

Tissue hydration of malignant and uninvolved human tissues and its relevance to proton spin-lattice relaxation mechanism 60

Reproductive strategies

Reproductive strategies within the species *Euphorbia hirta* L. related to soil moisture and compaction 226

Reverse polarity

Reverse polarity in *Nauclea orientalis* L. (*Sarcocephalus cordatus*, Miq.) 180

Rhinolophus rouxi

Observations on some early stages of development and implantation of the blastocyst of *Rhinolophus rouxi* Temminck) 201

Rhizome, origin development

Anatomy, origin and development of the rhizome of *Dioscorea deltoidea* Wallich 50

Rice blast disease

Effect of chemicals on the spread of rice blast disease 26

Salinity adaption, field crabs

Salinity effects on the food preference of the fresh water field crab *Oziotelphusa senex senex* Fabricius1798 128

Seed structure

Exomorphic seed structure of the Himalayan species of *Swertia* Linn. (Gentianaceae) 231

Seoveuntial action

Hormonal regulation of pollen germination and pollen tube elongation in *Arachis hypogea* Reitz. 101

Sergiolus Genus

On some sew species of spiders of the genus *Sergiolus* Simon from India (Family: Gnaphosidae) 185

Soil Moisture

Reproduction strategies within the species *Euphorbia hirta* L. related to soil moisture and compaction 226

Spore deposition

Deposition of airborne *Lycopodium* and *Podaxis* spores released from an artificial point source 1

Statistical correlations

Micropyle formation in the ovules as an indicator of primitiveness in Angiosperms 124

Swertia

Exomorphic seed structure of the Himalayan species of *Swertia* Linn. (Gentianaceae) 231

Thymus

Procedure for thymectomy in the lizard, *Calotes versicolor* 42

Tissue hydration

Tissue hydration of malignant and uninvolved human tissues and its relevance to proton spin-lattice relaxation mechanism 60

Tubulimonoides, a new genus

Tubulimonoides gryllotalpae n.g., n.sp. (Mastigophora: Oxymonadida) from the cricket in India 137

Volvocales

Contributions to our knowledge of South Indian Algae—IX 159

PROCEEDINGS OF THE INDIAN ACADEMY OF SCIENCES

Section 'B', Vol. 84, July - December 1976

CONTENTS

Deposition of airborne *Lycopodium* and *Podaxis* spores released from an artificial point source — *C. Subba Reddi* 1

Some observations on the anatomy of the heart of the African lung fish, *Protopterus aethiopicus* Heckel — *M. G. K. Nair* 6

C_4 photosynthesis and a unique type of Kranz anatomy in *Glossocordia boswallaea* (Asteraceae) — *V. S. Rama Das and A. S. Raghavendra* 12

Restoration of the genus *Coelosporidium* and a description of *Coelosporidium oithonae* n. sp. from the body cavity of a marine copepod, *Oithona rigida* — *C. C. Narasimhamurti and C. Kalavati* 20

Effect of chemicals on the spread of rice blast disease — *K. V. S. R. Kameswar Row, P. Nayak and Sk. Ahmed Ali* 26

Nodal anatomy of certain members of Bignoniaceae — *M. L. Trivedi, Veena Khanna and Shailja* 31

Histochemical localization of α-glycerophosphate, lactate, glucose-6-phosphate and 6-phosphogluconate dehydrogenases in *Paramphistomum cervi* (Trematoda: Paramphistomidae) — *H. S. Patil and S. S. Rodgi* 37

Procedure for thymectomy in the lizard, *Calotes versicolor* — *RM. Pitchappan and VR. Muthukkaruppan* 42

Anatomy, origin and development of the rhizome of *Dioscorea deltoidea* Wallich — *O. P. Sharma* 50

Neurochemical correlates of aestivation: Changes in the levels of glycogen and glucose in the cerebral, pleuropedal and visceral ganglia of the Indian apple snail, *Pila globosa* — *Indira Singh and Nayeemunnisa* 56

Tissue hydration of malignant and uninvolved human tissues and its relevance to proton spin-lattice relaxation mechanism — *S. R. Kasturi, S. S. Ranade and Smita S. Shah* 60

Striato-pallidal influence on food intake, body weight and locomotor activity — *S. Dua-Sharma, Edwin R. Smutz, K. N. Sharma and H. L. Jacobs* 75

Pharmacognostical studies on the root of *Aristolochia tagala* Cham. (Aristolochiaceae)
R. C. Nayar, (Miss) Z. Mary, S. N. Yoganarasimhan and A. R. Sharma 90

Physiological studies on the effects of hormonal imbalance on the CNS: 2. Time course of the effects of extirpation of *Pars distalis* on the *laevis* of cholesterol in the brain of the frog, *Rana Cyanophlictis*
Nayeemunnisa and C. S. Sheela Rani 95

Hormonal regulation of pollen germination and pollen tube elongation in *Arachis hypogea* Reitz. *C. P. Malik and Neelam Chhabra* 101

The morphology of two new flagellates of the genus *Monocercomonoides* travis, 1932 from insects in India
R. Krishnamurthy and Tayyaba Sultana 109

Laboratory studies on the development, survival and life tables of *Culex fatigans* and *Anopheles stephensi* *S. Ravichandra Reddy* 117

Micropyle formation in the ovule as an indicator of primitiveness in Angiosperms *S. Sundara Rajan* 124

Salinity effects on the food preference of the fresh water field crab *Oziotelphusa senex senex* Fabricius 1798
R. V. Krishnamoorthy, K. Srihari and Hafeezur Rahaman 128

Tubulimonoides gryllotalpae n.g., n.sp. (Mastigophora: Oxymonadida) from the cricket in India *R. Krishnamurthy and Tayyaba Sultana* 137

Observations on the morphology and life-history of a coccidian *Eimeria mecistophori* n.sp. from the gut of a centipede *Mecistocephalus punctifrons* Newp. *C. C. Narasimhamurti* 141

A simple photorespiratory ratio for the delimitation of C_4 from the C_3 plants
V. S. Rama Das and G. Rajendrudu 148

Evaluation of fungicides against *Alternaria solani* in *vitro*
S. K. Ghosh and P. D. Gemawat 153

Contributions to our knowledge of South Indian Algae—IX
M. O. P. Iyengar and T. V. Desikachary 159

Life cycle of *Porcellio laevis* (latreille) (Isopoda, Porcellionidae) *G. A. Nair* 165

Dermal morphology of *Vanilla planifolia* Andr. and *V. wightii* Lindl.
B. K. Nayar, Rajendra Rai and P. Vatsala 173

Reverse polarity in *Nauclea orientalis* L. (*Sarcocephalus cordatus*, Miq.)
S. Sundara Rajan, G. Shivaramaiah and N. Sathyananda 180

On some new species of spiders of the Genus *Sergiolus* Simon from India (Family: Gnaphosidae) *B. K. Tikader and U. A. Gajbe* 185

On a microphallid metacercaria occurring in the ovaries of the sand crabs *Emerita asiatica* and *Albunea symnista* on the Madras coast *Sita Anantaraman and T. Subramoniam* 192

Observations on some early stages of development and implantation of the blastocyst of *Rhinolophus rouxi* (Temminck) *D. A. Bhiwgade* 201

Some Helvellas new to India *K. S. Waraitch* 210

Cross-protection in the 'Blast' disease of *Panicum repens* L. *A. Hilda and S. Suryanarayanan* 215

Reproductive strategies within the species *Euphorbia hirta* L. related to soil moisture and compaction *P. S. Ramakrishnan and C. Kanta* 226

Exomorphic seed structure of the Himalayan species of *Swertia* Linn. (Gentianaceae) *Gaurgopal Maiti and M. L. Banerji* 231
